- All inspections shall be conducted by Colorado State Inspectors.

HISTORY:

The Colorado State Plumbing Board met Wednesday October 27, 2014. Elbert County is required to comply with Sections 12-58-114.2 (3) and (4) Plumbing inspectors - qualifications, which requires persons providing plumbing inspections in the state of Colorado to be either licensed plumbers or certified inspectors for plumbing specifically. A Residential Inspector no longer meets this criteria.

It took the State a good deal of time to reach all jurisdictions which is why the delay in the implementation of this requirement in Elbert County. Based on this statutory mandate — we are required to adopt this process immediately. We regret we were unable to provide more timely notice.
